Why Hire International Grads?

Against a backdrop of [enrollment challenges](#) in the U.S., international students are making up an [ever-larger share](#) of degree completions in fields that drive the U.S. innovation economy, earning 35% of STEM Master's degrees and 41% of STEM PhDs in the U.S. during the 2021-22 academic year.

Take advantage of this unique opportunity through IHP to connect with motivated, multifaceted candidates for roles at your company!

International Students & Grads: Hiring Basics

- Hiring candidates in F-1 visa status is quick and simple.
- Graduates can work for up to three years without needing employer sponsorship.
- Graduates are responsible for maintaining their own immigration status.

For more detailed information on hiring and retaining international graduate talent, check out the [Employer Toolkit](#).
